

Crushers

Glass crusher

OEG's **ENVIROPAK** glass crushers are robust and compact, capable of crushing 1 gallon sized bottles or smaller. The unit provides a safe alternative to traditional glass disposal techniques, reducing safety hazards for operators while increasing waste disposal efficiency. The small footprint makes the glass crusher an ideal choice for small areas and the stainless-steel design allows installation in food service locations.

Key features

- Stainless steel cabinet
- Waste reduction ratio of 4:1
- Capable crushing glass containers up to a gallon in size
- Front access door for easy loading and unloading
- Capacity for 2 gallon of glass waste
- Safety stop for bucket placement during installation

Application

- Onshore and offshore
- Galleys
- Restaurants

Please check exact specifications with your local representative when ordering.

Imperial International/US standard	
UNIT	HI10007 GC galley jar crusher
Capacity	Up to a gallon sized container
Dimensions (HxWxD - in)	41" x 29" x 19"
Weight	170 lbs

Metric International standard	
UNIT	HI10007 GC galley jar crusher
Capacity	Up to 3.8ltr sized container
Dimensions (HxWxD - mm)	1,041 x 737 x 483
Weight	77.1 kg

Glass crusher

Motor starter specifications

Motor starter	WEG Electric ESWS Manual Motor Starter
Amp rating	25 A
Coil voltage	120 VAC
HP rating	3 HP
Full load amp range	15.0 – 23.0 A adjustable
Voltage rating	600 VAC
Enclosure type	NEMA 1

Motor specifications

Motor	Worldwide Electric Corp NT2-18-56CB
HP	2 HP
RPM	1,800
Frame	56C
Voltage	115/220 V
Phase	1
IP rating	IP43
Nema design	M
Insulation class	F

Motor data sheet can be provided upon request
